The Powhatan County Electoral Board met at 10:00 AM to conduct Logic & Accuracy testing on the OVO and OVI machines to be used in the November 7, 2017 election. It was noticed by the Vice Chair that the OVI audio software contained a mistake in party attribution for one of the candidates. Testing was recessed for 45 minutes so that a correction could be made. With the correction, all machines performed as expected with regard to Logic & Accuracy and were sealed and returned to the vault until November 7, 2017.
