Site Address _____

In signing this affidavit, the property owner and/or contractor understands and agrees to the following:

- The proposed use(s), distances from property lines, and distances from other structures as listed on the attached application are correct.
- It is the responsibility of the property owner and his contractor to ensure that the building is constructed/sited in compliance with the setback distances required for this structure by the Zoning Ordinance.
- The County bears no responsibility for construction/siting errors.
- The contractor is aware of all zoning requirements pertinent to this project.
- Site access via a public/state road shall require an approved VDOT entrance permit or VDOT approval letter for an existing entrance.
- Site access via a private road or easement access shall provide a recorded legal instrument demonstrating access rights. Staff will review submitted documentation for administrative completeness. However, the County does not guarantee or determine legal access rights. Incomplete or unclear access claims may be referred to the County Attorney for review, which may result in delays or denial of the building permit.
- If the building is sited in violation of any setback distance, the property owner will be required to demolish or move the portion of the building not in compliance or take other corrective measures to avoid legal action from the County of Powhatan. The law does not favor variances granted for any construction or siting errors resulting from failure to follow the approved permit.
- Construction siting errors are not considered hardships by the Planning Department, and the Board of Zoning Appeals has been so informed.
